INSIGHTS & REPORTS

Performance analytics

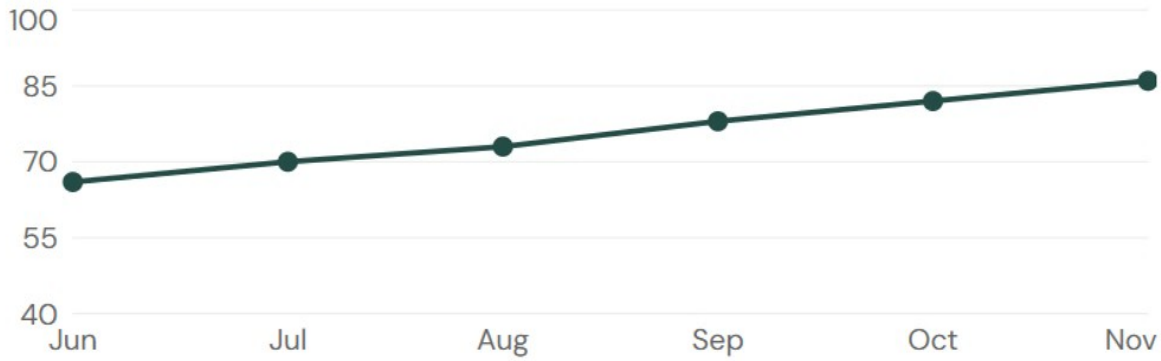

Understand progress at every level and turn results into meaningful action.

Student report Mariam Ahmed Export report

Overall performance	Attendance rate	Quiz average	Learning consistency
86%	94%	88%	High
+6.4% vs. last month	+2.1% vs. last month	+5.2% vs. last month	On track vs. last month

Performance trend

Score progression across recent assessments

Subject breakdown

Current average by subject

STRENGTH

Strong problem solving

Consistently high results in algebra and mathematical reasoning.

AREA TO IMPROVE

Physics fundamentals

Review forces and motion concepts with a few focused practice sessions.

CONSISTENCY

Reliable attendance

Attendance has remained above 90% over the last two month

STUDENT SUPPORT

Alerts & recommendations

A clear view of students who need support and those making progress.

02	Require attention	Active alerts to review
01	Positive milestones	Improvements worth celebrating
75%	Attendance threshold	Current monitoring rule

Attendance High priority

Attendance below target

Nour Khaled's attendance dropped below the 75% threshold.

Suggested action
Schedule a parent check-in

Performance Medium priority

Declining quiz performance

Omar Hassan's last three quiz scores show a downward trend.

Suggested action
Assign a revision exercise

Improvement Positive priority

Excellent improvement

Laila Mostafa improved her average score by 12% this month.

Suggested action
Share positive feedback
